## Students of Hotel Management Program joined ASEAN Sustainable Energy Week at BITEC Bangna, on June 6<sup>th</sup>, 2019

Hotel Management Students code 60 participated in the most comprehensive study of technology and international conferences on renewable energy and environmental conservation of the ASEAN region.

This event includes 1,500 leading brands from 30 countries with international pavilions and International Renewable Energy Conference on Connecting ASEAN: Smart City- Grids - E-Mobility.

Students brought information from this work to create group presentation on the topic of Sustainable Energy for Hotel Business in the course of Hotel Business Planning and Development of Ms. Nanthana Ladplee.
